

## Ankama Boardgames at Spiel in Essen

Just a few days before the Kickstarter for *Monster Slaughter* will launch, Ankama Boardgames will be at Spiel in Essen – an opportunity for Ankama to present its current flagship games.

**Roubaix, France - October 10th, 2017** - Ankama will be present at Europe's largest game fair from October 26 to 29, 2017. Indeed, the Ankama Boardgames team is taking advantage of the looming release of the highly anticipated *Monster Slaughter*. NEW: An escape game inspired by the board game will also be organized on site.

Remember, the game is a **survival horror** game that flips the roles of **slasher movies** on their heads. Here, players aren't the prey: they're the executioners – and a group of defenseless students' worst nightmares. The Kickstarter launch date – **Halloween (October 31)** – sets the tone.

Other new releases will also be presented during the four days of Spiel: *Boufbowl*, *Stellium*, *Henhouse Havoc*, *Dino Party*, and even *Kingdom Run*.

Come see us at our stand **Hall 2 – A115**.

#### **About the Ankama Group**

Ankama is an independent company that creates, publishes and distributes works of entertainment worldwide. From video games to board games, from animations to mangas, it controls the production chain of its creations from A to Z. Known for its MMORPGs and the animated series DOFUS and WAKFU, part of a vast universe called the Krosmoz, it released its first full-length feature film in 2016, *DOFUS – Book I: Julith*. Among the many strings of its bow: the board game *Krosmaster Arena*, its figurines and its online version; the video games *Tactile Wars*, *King Tongue*, and *DOFUS Pogo*, on smartphone and tablet; but also mangas and comics such as *Mutafukaz*, *Maliki*, *City Hall*, *Radiant*, and *Freaks' Squeele*. Indeed, since 2004, following the principles of transmedia, the Ankama teams have been creating universes developed through several stories and in several formats, thereby offering their communities of players, readers and spectators a full and immersive narrative experience across all popular platforms. At Ankama, every story is unique, but they are all interconnected.

To get an idea of what's going on at Ankama, you should take a look at: *DOFUS Touch*, the tablet and smartphone version of DOFUS, released in late 2016; *Krosmaga*, a collectible card game mixing combat and strategy; and the animated series *WAKFU*, whose fans can enjoy the third season on France Télévisions and NETFLIX in late 2017.
