

## DOFUS Update 2.48: Kolossium Leagues

Introducing the **leagues** to the **Kolossium**, a space reserved for **PvP** in **DOFUS**, is the main innovation of the MMO's **Update 2.48**, **online now**. Class balancing adjustments, the pet revamp, and the store content revamp are also on the agenda.

**Roubaix, September 18, 2018:** Eagerly awaited by **DOFUS** players, the league system organized around the Kolossium aims to offer a **clear representation of character rankings**, as well as to provide you with **objectives** and a continuous, intuitive **advancement system**.

At first, a **season** will be a period of around three months between two major updates, after which the system will be reset. Every season, players will be free to progress in the **six leagues** – **Bronze, Silver, Gold, Crystal, Diamond, and Legend**. **The very first season of the Kolossium League is starting on September 25**

Rankings also mean **rewards**: In addition to **experience** and "**Kolossokens**" earned every fight, there will be **ornaments** corresponding to the various leagues, and a **title** will be given to each player at the end of the season, depending on their ranking.
